Comparison Films? When _____ Where _____

- Does the patient have a cardiac implant or pacemaker? ☐ Yes ☐ No
- Has the patient ever had heart, ear, or brain surgery? ☐ Yes ☐ No
- Has the patient ever had an incident of metal fragments in the eyes? ☐ Yes ☐ No
- Is the patient post-operative on the area of interest? ☐ Yes ☐ No
- Has the patient had any surgeries in the past six weeks? ☐ Yes ☐ No

Does the patient have Claustrophobia? ☐ Yes ☐ No Need meds? ☐ Yes ☐ No
Does the patient need pain medication to lie still during scan w/o moving? ☐ Yes ☐ No
If yes to meds, please prescribe. (We do not disperse meds.)

Note: Patients having a brain or neck scan often still need meds to relieve claustrophobia because of the coil apparatus surrounding the head/neck/face.
